Circle Line 6 — Contract 882 Construction, Singapore

Information

Project:

Circle Line 6 — Contract 882 Construction, Singapore

Dates:

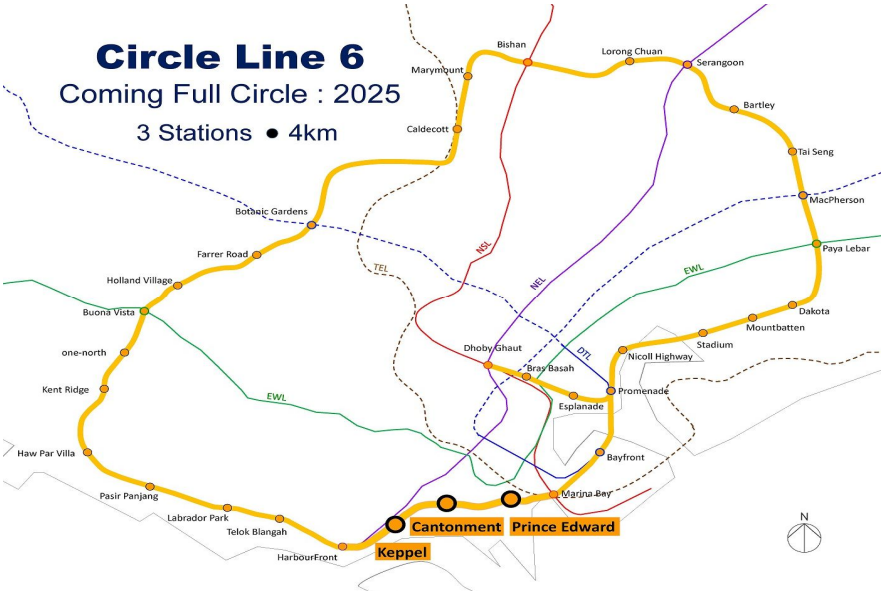
February 2017

Project Value:

$300 mill.

Services:

- Due diligence Construction Contract



Layout of metro line Circle Line, Singapore

Project Overview

The 4-km CCL6 will close the loop for the CCL by connecting HarbourFront Station to Marina Bay Station. When the three CCL6 stations of Keppel, Cantonment and Prince Edward are completed in 2025, the CCL will have a total of 33 stations, including 12 interchange stations with other MRT lines. The scope under Contract 882 is the construction of an Underground Station, one Cut and Cover Tunnel, Two TBM Bored Tunnels(2x 570m) and Two TBM Bored Tunnels (2x 1100m).
